PHYSICAL EXAM REPORT

Dear Parent/Guardian,

The Pennsylvania Department of Health requires that all **eleventh** grade students have a current Physical Exam Report on file in their School Health Record. We can accept your child's Physical Exam report if it was completed in either grade 10 or grade 11.

Please return, fax, or email your child's Physical Exam Report to the school nurse **as soon as possible**. A Physical Exam form can be downloaded from the YSSD Website or you can submit a Physical Exam form from your Health Care Provider. Provide a copy of **one** of the following to the school nurse:

- Sports Physical Exam (CIPPE - submit original to Trainer and copy to Nurse)
- Physical Exam completed by your own Health Care Provider
- A copy of your child's Driver's License or Permit

If your child has not had a Physical Exam in grade 10 or grade 11, please schedule their Physical Exam **as soon as possible** and notify the school nurse of the scheduled date. Students unable to obtain a Physical Exam through their own Health Care Provider will be scheduled for a Physical Exam with the School Physician in order to meet the state requirement.

Thank you for your immediate attention to this very important matter. Please contact me if you have any questions or concerns.

Sincerely,
Amy Kitner RN
